

# QUALITY CORNER CALL

Nov. 6, 2025

Noon to 1 p.m.

Webinar Connection Fee: No Charge

## REGISTER HERE

The webinar focuses on how some Critical Access Hospitals develop quality programs through the sharing of best practices and lessons learned.

Best practices can be examples of processes or activities that yield success or at least meaningful results. Often, best practices are viewed as an innovation in comparison to what was done by others. Lessons learned highlight knowledge or understanding gained by experience. The experience may be positive, as in a successful test or mission, or negative, as in a mishap or failure. On Nov. 6, join the Quality Corner Call to hear other Kansas hospitals share stories focused on various quality programs.

If you have some best practices to share, please contact Susan Runyan at (620) 222-8366 or [srunyan@kha-net.org](mailto:srunyan@kha-net.org). Whether your success is in patient satisfaction, billing denial reductions, patient and family engagement or other areas of quality in a CAH, we want to hear from you!
