

# EMERGENCY DEPARTMENT EFFICIENCIES

2-Part Virtual Series:  
Dec 14, 2021  
9:00-10:30 a.m.

Jan 7, 2022  
9:00-10:30 a.m.

## Strategies to Connect Quality and Finance in the Emergency Department

It is critically important, now more than ever, for rural hospitals to have a renewed focus on quality and efficiency to stay relevant in this rapidly changing market place. Pressures are being felt in rural areas as the population ages, the number of uninsured rises, budgets tighten and the need to bend the health care cost curve increases. Hospital emergency departments will likely continue to experience rising volumes and pressure to reduce avoidable utilization. The rules and regulations that govern emergency department can be complex. The penalties for violations of the regulatory requirements can be high.

Business Office Staff

# Strategies to Connect Quality and Finance in the Emergency Department

Topics covered during this series include: Refresher on EMTALA and strategies for improving revenue cycle practices; how to build relationships with patients, partner and the community; as well as tools and ideas on how your hospital can begin to put quality measures and financial initiatives together to make current processes more efficient and improve patient satisfaction.

## Part 1, Dec 14, 2021

### **EMTALA: How to Avoid an Enforcement Emergency**

Julie Roth, JD, RHIA, Partner, Spencer Fane LLP

Julie Roth helps health care providers through a variety of transactional and regulatory matters. Roth represents health systems, hospitals and physician practices on regulatory compliance matters, including EMTALA.

## Part 2, Jan 7, 2022

### **Quality and Finance Working Together**

- Engaging Patient, Family and Community
- Revenue Cycle and the Emergency Department
- Lean Thinking in the ED
