

QUALITY CORNER CALL

Nov. 1, 2022
Noon to 1 p.m.
Webinar Connection Fee: No Charge

This webinar focuses on how some Kansas Critical Access Hospitals developed quality programs as well as added value to the patient experience through the sharing of best practices along with lessons learned.

Best practices can be examples of processes or activities that yield success or at least meaningful results. Often, best practices are seen as an innovation in comparison to what was done by others. Lessons learned highlight knowledge or understanding gained by experience. The experience may be positive, as in a successful test or mission, or negative, as in a mishap or failure. On Nov. 1, join the Quality Corner Call to hear other Kansas hospitals share stories focused on a variety of quality programs.

If you have some best practices to share, please contact Susan Runyan at (620) 222-8366 or srunyan@kha-net.org. Whether your success is in patient satisfaction, billing denial reductions, patient and family engagement, or other areas of quality in a CAH, we want to hear from you!
